REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Investment Committee of L.B. Foster Company and the Participants in the L.B. Foster Company 401(k) and Profit-Sharing Plan

***Opinion on the Financial Statements***

We have audited the accompanying statements of net assets available for benefits of the L.B. Foster Company 401(k) and Profit Sharing Plan (Plan) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

***Supplemental Information***

The accompanying schedules of Delinquent Participant Contributions and of Assets (Held at End of Year) as of and for the year ended December 31, 2022 have been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or to the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as the Plan's auditor since 2022.

L.B. Foster Company  
401(k) and Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2022 and 2021

**1. Description of Plan**

The following brief description of the L.B. Foster Company 401(k) and Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the summary plan description for more complete information. The plan document is the governing instrument and should be referred to for a full description of the Plan and its provisions.

**General**

The Plan is a defined contribution plan extended to all eligible employees of L.B. Foster Company (the “Company”) who have attained age 18. The L.B. Foster Company Investment Committee, appointed by the Board of Directors of the Company, serves as the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

**Contributions and Forfeitures**

Contributions under the Plan are made by both the participants and the Company. Participants may contribute up to 75% of their annual pretax compensation and up to 100% of their compensation on an after-tax basis, subject to Internal Revenue Code (the “Code”) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participant and Company contributions are invested in accordance with participant elections.

The Plan includes a provision for an immediate Company match. The Plan’s participants receive a Company match of 100% of the first 3% of their eligible compensation and 50% of the next 2% of their compensation for a maximum Company match of 4%. To be eligible for the Company’s matching contributions, participants must make pre-tax deferral contributions or Roth 401(k) after-tax deferral contributions. The Plan will match the combined total of these participant deferrals up to the matching limit.

The Company, upon resolution of the Board of Directors, may make a discretionary profit-sharing contribution of an amount out of, but not in excess of, the Company’s current or accumulated profits. Participants must have attained one year of service as of the last day of the plan year in order to be eligible for the discretionary profit-sharing contribution, if any, for that year, except those participants that become disabled, retire, or become deceased in that year. Discretionary profit-sharing contributions are directed into eligible participant accounts based on the participants’ investment elections at the time the contribution is made. There were no discretionary profit-sharing contributions approved for 2022.

**Participant Accounts**

Each participant account is credited with the participant’s contributions, the participant’s allocable share of Company contributions, and related earnings (losses) of the funds. Participant accounts may be invested in 10% increments into Company stock, which is capped at 15%, or any of the mutual funds available under the Plan or other investment securities through a self-directed brokerage option at the direction of the participant.

**Vesting**

A participant’s vested interest in the Plan on any date is equal to the sum of the values of (a) that portion of the participant’s account attributable to the participant’s contributions, (b) that portion of the participant’s account attributable to the Company’s contributions multiplied by the applicable vesting percentage, and (c) related earnings (losses). Effective January 1, 2020, participants are immediately vested in the Company’s matching contributions. Prior to January 1, 2020, participants were fully vested in the Company’s matching contributions after two years of service. Participants are fully vested in the Company’s discretionary profit sharing contributions, if any, after two years of eligible service.

Notwithstanding the above, a participant who terminates from the Plan by reason of retirement, disability, or death is fully vested in his or her participant account immediately upon such event.

The Company’s matching contributions may be reduced by forfeitures that accumulate from terminations of participants with non-vested employer matching contributions. At December 31, 2022 and 2021, forfeitures of \$5,045 and \$22,813, respectively, were available to pay administrative expenses or fund Company contributions. During the year ended December 31, 2022, the Company utilized forfeitures of approximately \$40,000 to pay administrative expenses of the Plan, with no amounts used to reduce Company contributions.

**Benefit Payments**

Normal retirement age is 65. Early retirement age is 55, provided that the participant has at least five years of service. In addition, a participant may obtain an early retirement distribution prior to reaching age 55, provided that the participant will turn 55 in the year the distribution occurs and that the participant has at least five years of service. The Plan also allows for age 59 ½ in-service withdrawals of all or any portion of the participant’s vested account balance.

As provided by the Plan, the distribution to which a participant is entitled by reason of normal, early, or disability retirement, death, or termination of employment may be made in the form of a direct rollover, annuity, cash, or partly in cash and partly as an annuity. The amount of such distribution is equal to the participant's vested account balance on the distribution date.

Under the Plan, a participant may elect to withdraw voluntary, after-tax contributions made to the Plan prior to January 1, 1987. Such withdrawals are subject to a \$1,000 minimum. In the event of hardship and subject to certain restrictions and limitations, as defined by the plan document, a participant may withdraw their vested interest in the portion of their account, subject to a \$500 minimum, attributable to matching, fixed and discretionary contributions, and related earnings.

***Notes Receivable from Participants***

A participant may borrow from the vested portion of his or her account, subject to a minimum of \$1,000 and a maximum of \$50,000. The loan proceeds are deducted from the participant's account and are repaid by means of payroll deductions. Loans are required to be repaid within 60 months from the date on which the loan is originally granted and may be prepaid early without penalty at any time. The repayment period for a loan that is obtained for purchasing a primary residence may be as long as 120 months. The loans carry a reasonable interest rate based on the prime rate plus 1% on the date the loan is requested and remains fixed for the full term of the loan. Interest rates ranged from 4.25% to 7.25% at December 31, 2022.

***Plan Termination***

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan be terminated, participants will become fully vested in their accounts, and the assets of the Plan would be distributed to the participants based on their individual account balances as determined under the Plan's provisions.

**2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The financial statements of the Plan are maintained under the accrual method of accounting in conformity with the accounting principles generally accepted in the United States of America ("U.S. GAAP").

***Use of Estimates***

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Market values for investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and credit rating downgrades. The fair values assigned to the investments by the Plan are based upon available information believed to be reliable, which may be affected by conditions in the financial markets. The Plan may not be able to sell its investments when it desires to do so or to realize what it perceives to be its fair value in the event of a sale.

***Valuation of Investments and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividend income is recorded on the ex-dividend date and interest income is accrued as earned. Plan assets are concentrated in Company stock, self-directed brokerage accounts, managed income portfolio funds, and mutual funds consisting primarily of stocks and bonds.

***Notes Receivable from Participants***

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

### ***Benefit Payments***

Benefit payments are recorded upon distribution of proceeds to a Plan participant.

### ***Administrative Expenses***

The Company, as provided by the Plan, pays certain expenses of the Plan. Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Expenses incurred to establish and maintain a loan are charged to the applicable participant. Investment related expenses are included in net depreciation of fair value of investments.

### **3. Income Tax Status**

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (“IRS”) dated June 30, 2020 stating that the form of the Plan is qualified under Section 401 of the Code and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2013-6 and 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The earliest year open to U.S. Federal examination is 2019. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **4. Fair Value Measurements**

The Plan applies the provisions of the Financial Accounting Standards Board’s Accounting Standards Codification (“ASC”) 820, “Fair Value Measurement” (“ASC 820”), to its financial assets carried in the financial statements at fair value on a recurring basis. ASC 820 defines fair value as the exchange price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a fair value hierarchy and requires categorization of assets measured at fair value into one of three levels based on the inputs used in the valuation. Assets are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels are defined as:

- Level 1 – Observable inputs based on quoted prices (unadjusted) in active markets for identical assets.
- Level 2 – Observable inputs, other than those included in Level 1, based on quoted prices for similar assets in active markets or quoted prices for identical assets in inactive markets.
- Level 3 – Unobservable inputs that reflect an entity’s own assumptions about the inputs a market participant would use in pricing the asset based on the best information available in the circumstances.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the investments and valuation methodologies used for assets measured at fair value:

#### *Common stock*

The Company's common stock is valued daily at the closing price reported on the active market.

#### *Mutual funds*

Various mutual funds are offered to the Plan participants. Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

#### *Stable value collective trust funds*

Fidelity Managed Income Portfolio Class 2 (“MIP CL 2 Fund”) and Putnam Stable Value Fund (“Putnam”) are stable value collective trust funds available to the Plan. The Plan uses the net asset value (“NAV”) per share of the funds provided by the trustee of the funds as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the funds, the trustee reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The funds’ units are issued and redeemed daily at the constant NAV of \$1 per unit.

#### *Self-directed brokerage accounts*

Accounts primarily consist of publicly traded cash reserves, common stocks, preferred stocks, and publicly traded partnerships and trusts that are valued on the basis of readily determinable market prices.

### Fair value hierarchy

Financial assets carried at fair value are classified in the tables below:

	December 31, 2022	
	Level 1	Total
Mutual Funds	\$ 62,598,144	\$ 62,598,144
Self-Directed Brokerage Accounts	3,926,596	3,926,596
Common Stock	818,578	818,578
Money Markets	2,517	2,517
Total Assets in the Fair Value Hierarchy	67,345,835	67,345,835
Investments Measured at Net Asset Value <sup>(1)</sup>		
Stable Value Collective Trust Funds	—	1,924,109
Total Assets at Fair Value	\$ 67,345,835	\$ 69,269,944

	December 31, 2021	
	Level 1	Total
Mutual Funds	\$ 84,916,887	\$ 84,916,887
Self-Directed Brokerage Accounts	4,806,275	4,806,275
Common Stock	1,084,744	1,084,744
Money Markets	2,448	2,448
Total Assets in the Fair Value Hierarchy	90,810,354	90,810,354
Investments Measured at Net Asset Value <sup>(1)</sup>		
Stable Value Collective Trust Funds	—	926,735
Total Assets at Fair Value	\$ 90,810,354	\$ 91,737,089

<sup>(1)</sup> In accordance with ASU 2015-07, certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified on the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

### 5. Transactions with Parties-in-Interest

Certain trustee, accounting, and administrative expenses relating to the maintenance of participant records and the Plan's administration are absorbed by the Company and may qualify as party-in-interest transactions under ERISA. The Company is the plan sponsor, and therefore, transactions with the Company may qualify as exempt party-in-interest. Notes receivable from participants also qualify as exempt party-in-interest transactions. The Plan also invests in Company stock. At December 31, 2022 and 2021, the Plan held an aggregate of 84,564 and 78,890 shares of the Company's common stock valued at \$818,578 and \$1,084,744 respectively. During 2022, the Plan purchased 22,537 shares of the Company's common stock at an aggregate cost of approximately \$278,712. The Plan incurred an investment loss on the Company's common stock of \$323,723. The Plan sold 16,863 shares of the Company's common stock for proceeds of approximately \$221,155.

### 6. Delinquent Participant Contributions

For the year ended December 31, 2021 the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions totaled \$443,559 in 2021. The Company is required to compensate participants for lost earnings resulting from the delay in these participant contributions which was corrected outside of the Department of Labor Voluntary Fiduciary Correction Program in 2022 as part of the corrective contributions.
